Take the A3(M) (not the M3) from London over the M25, through Guildford, Petersfield and on south. As you approach the sea, this road will swing right to join the A27 westbound heading towards Portsmouth. Take the 2nd exit after about 2 miles signposted Hilsea, Port Solent. The slip road will lead down to the large Hilsea roundabout. Take the second exit from this roundabout and follow the dual carriageway about 500 metres up to a long roundabout outside IBM. Take a right turn at this roundabout into Northarbour Spur and follow this road as it swings left and runs parallel to the dual carriageway. Acorn Business Park is about 800 metres up this road on the right. Drive into the estate, taking a left then right turn to come to the front of our offices.

Our office is about a 2 hour drive from central London or about 1 hour from the M25.

## From Southampton and the West by car

Take the M27 eastwards past Segensworth, Fareham and then down the hill past Port Solent. Take the Junction 12 exit and follow the slip road up to the big new traffic lights outside the Marriott hotel. Take a right turn at these lights onto a dual carriageway and then take a left turn within 50 metres into Northarbour Spur / Western Road Industrial Estate. Follow this road as it swings immediately right and runs parallel to the dual carriageway. Acorn Business Park is about 600 metres on the left. Drive into the estate, taking a left then right turn to come to the front of our offices.

Our office is about 30 minutes drive from Southampton
